Telephone	Zip/Postal Code	Country

What is the equipment currently in use for this application?

Process Data
Product to be produced / process description:

Component	A	B	C	Mixture
Viscosity cps				
Specific Gravity / Density				

Greerco High Shear Mixer App. Form

Type of Solvents			
% Solids		Dissolvable	Suspendable
Temperature		°F	
Operation (select one)	Batch	Recirculation	Continuous
Batch Size		Recirculation/Continuous Flow Rate:	
Corrosive	Non-Corrosive		
Abrasive	Y	N	
Chemical Injection required at mixer:	Y	N	

Mechanical Data					
Tank Dimensions			Tank Discharge Line Size (diameter in inches)		
Pressure / Vacuum Service			Max. Operating Pressure / Vacuum		
Tank Discharge / Recirculation Pump			Type	Flow Rate	GPM
Pressure	PSI	Inlet / Outlet Size	in.	Manufacturer	
If sanitary construction, specify body elastomer					
Mechanical Seal	Y	N	Single	Double	Elastomer
Jacket Required			Heating	Cooling	Medium
Temp Pressure	°F	psig			
Materials of Construction			Mixer	Jacket	
Motor Type			TEFC	XP	Voltage Phase
Do you need VFD Capability?	Y	N	Agitation equipment tank?	Y	N
