

## Paint Transfer Line

**Application:** Paint is carried from a mixing area to an electro-coating vat and through a recirculating system. Paint is also circulated through a series of filters to remove suspended solids.

**Location:** Freightliner Corporation - Mt. Holly, North Carolina

**Product:** Red Thread® Pipe and Fittings

**Features & Benefits:** The lightweight and ease of installation of fiberglass pipe resulted in lower installed cost. The fiberglass pipe will not rust or corrode and contaminate the paint system.
