

QUALITY POLICY

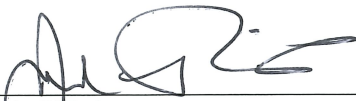

NOV Rig Technologies strives to be a valuable commercial entity in the community and a continued strong presence in the marketplace by providing premium, safe, and environmentally sound products and services.

To support this, each employee understands and subscribes to the principle:

Quality is **MY** Responsibility

Each employee shall work to deliver the following quality objectives:

- Meet or exceed customers' and stakeholders' requirements, needs and expectations.
- Continually enhance our Quality Management System by assessing opportunities and risks to proactively deliver improved quality and value.

Joe W. Rovig
President, NOV Rig Technologies
