

Sucker Rod Protection

Helping you deliver protected pipe. All day, every day.

MSI Pipe Protection Technologies has been the industry leader in protective solutions for pipe and threads since 1980. Our thread protectors are known for excellent impact protection, easy installation, removal, and for maintaining the integrity of your threads. In addition to our extensive range of OCTG, line pipe and drill pipe applications, MSI's sucker rod protectors give you the same level of excellence you have come to expect from all our product lines.

Our sucker rod caps are designed to protect rod threads, ensuring proper make-up when ready for use in the field. Additionally, our sucker rod plugs keep unwanted elements or objects out of your sucker rod couplings. Both are easy to install and remove, and are engineered specifically to protect sucker rods during handling, transport, and storage.

| Item No. | Rod Size | Box Qty. | Cap/Plug |
|----------|-----------|----------|----------|
| 81498 | 5/8 in. | 600 | Cap |
| 81497 | 3/4 in. | 400 | Cap |
| 81496 | 7/8 in. | 500 | Cap |
| 81495 | 1 in. | 300 | Cap |
| 81499 | 1 1/8 in. | 200 | Cap |
| 81505 | 5/8 in. | 3,500 | Plug |
| 81506 | 3/4 in. | 2,500 | Plug |
| 81507 | 7/8 in. | 2,000 | Plug |
| 81508 | 1 in. | 1,500 | Plug |
