

General

These case histories are intended to service solely as documentation of installations of NOV Fiber Glass Systems Pipe products in the services shown. The names of shipyards, owners, vessels, platforms or maritime companies are included for the sake of completeness. Their inclusion does not imply an endorsement of NOV Fiber Glass Systems products by those parties. More extensive information is also available from NOV Fiber Glass Systems, or via: www.nov.com/fgs.

Description

Abbreviations used:

Shipowner: Name of the owner
Shipname: Name of the vessel
Country: Country where vessel was built.

Service:

A = Auxiliary equipment cooling system	G = Air cooling circulation water	O = Stripping lines
B = Ballast	H = Vent lines	P = Tank cleaning (saltwater system)
C = Chlorination	I = Inert gas effluent/supply lines	R = Electrical conduit
D = Drainage	K = Sanitary service & sewage	S = Fire protection mains
E = Main engine cooling system	L = Exhaust piping	Z = Other
F = Cargo line	M = Portable discharge lines
