

Service and Repair Center

Oklahoma City, Oklahoma

Bringing Service and Repair to You

Our support for your operations goes beyond supplying equipment. By providing local service and repair through our local aftermarket facilities and FAST solutions vehicles, we help maintain your equipment and assist your crews to maximize uptime. Strategically located near your rigs to shorten response times, our facility is ready to quickly provide the regional support you need to help you thrive.

Easy, centralized access to facility - situated between HWY 152 and S. MacArthur near Will Rogers World Airport off of I-40
