

# Tuboscope™ – Hydraulic Evaluation Request Form

## Contact Details

Company		Date		Field	
Address		Phone		Fax	
City		Lease name/well number			
State		Country		Contact Name	

## Pipe and Connection Data

Type of tubing		Pipe description	Size	Grade	Weight	Length		
Type of casing		Casing description	Size	Grade	Weight	Length		
Test separator temperature		Test separator pressure	Productivity or injectivity index bpd/bbl			Flow restrictions	ID	Measured Depth

## Type of Service

Type of service		Well deviation (TVD) vs.measured depth		Geothermal profile (temperature vs. TVD)		
Specific gravity/density		Gas	Oil/Condensate	Water		
Watercut %		Gas/condensate ratio	Oil/water ratio	Gas/water ratio		
Injection/production temperature/pressure		WHT	BHT	WHP	BHP	
Corrosive agents		(CO <sub>2</sub> )	(H <sub>2</sub> S)	(O <sub>2</sub> )	(Cl) -ppm	pH
Lithology		Percent porosity	Permeability	Drainage radius		
Measured net pay		Net pay	Darcy skin	Borehole diameter		
Midpoint to perforations		Measured net perforated				

Additional Comments	
---------------------	--

Return completed form to Tuboscope coating services at fax no. 713 799 5212 or email to [reza.fard@nov.com](mailto:reza.fard@nov.com). We will have our coating recommendation back to you within 48 hours.
